

Alabaster Crystal Round Chandelier

BEFORE YOU BEGIN

Switch off power at the breaker before beginning any electrical installation work. If you are not comfortable with mains wiring, we recommend hiring a licensed electrician. Confirm your ceiling, wall, or surface can support the fixture's weight before mounting.

INSTALLATION STEPS

1. Self-assembly is required — follow the included installation manual carefully.
2. Disconnect the circuit from mains power before beginning installation.
3. Suitable for flat, sloped, or arched ceilings.
4. Confirm the chandelier's size suits your room before ordering.
