

Alabaster Globe Linear Chandelier

BEFORE YOU BEGIN

Switch off power at the breaker before beginning any electrical installation work. If you are not comfortable with mains wiring, we recommend hiring a licensed electrician. Confirm your ceiling, wall, or surface can support the fixture's weight before mounting.

INSTALLATION STEPS

1. Assembly is required and takes time and patience — follow the included installation manual carefully.
2. Disconnect the circuit from mains power before beginning.
3. Suitable for flat or sloped ceilings.
4. Confirm the chandelier's size suits your space before ordering.
