

Faceted Glass Drop Chandelier

BEFORE YOU BEGIN

Switch off power at the breaker before beginning any electrical installation work. If you are not comfortable with mains wiring, we recommend hiring a licensed electrician. Confirm your ceiling, wall, or surface can support the fixture's weight before mounting.

INSTALLATION STEPS

1. This is a hardwired fixture.
2. Hardwired fixtures should always be installed by a qualified, licensed electrician in accordance with local electrical codes.
3. Specifications can vary by production batch — follow the instructions and specification sheet included with your unit.
