

Hollowed Walnut Pendant Light

BEFORE YOU BEGIN

Switch off power at the breaker before beginning any electrical installation work. If you are not comfortable with mains wiring, we recommend hiring a licensed electrician. Confirm your ceiling, wall, or surface can support the fixture's weight before mounting.

INSTALLATION STEPS

1. Ceiling-mounted, mounts to an existing ceiling point.
2. Adjust the drop height before securing the canopy.
3. We recommend a licensed electrician if you are not comfortable with mains wiring.
