

Opal Glass Flush Mount Light

BEFORE YOU BEGIN

Switch off power at the breaker before beginning any electrical installation work. If you are not comfortable with mains wiring, we recommend hiring a licensed electrician. Confirm your ceiling, wall, or surface can support the fixture's weight before mounting.

INSTALLATION STEPS

1. This fixture hardwires to a standard ceiling junction box using the included mounting plate.
2. Switch off the circuit at the breaker before beginning installation. Fix the mounting plate to a standard ceiling junction box. Use a licensed electrician if you are not comfortable with mains wiring. Powered at 110-120V.
