

Travertine Candle Chandelier

BEFORE YOU BEGIN

Switch off power at the breaker before beginning any electrical installation work. If you are not comfortable with mains wiring, we recommend hiring a licensed electrician. Confirm your ceiling, wall, or surface can support the fixture's weight before mounting.

INSTALLATION STEPS

1. Hardwired ceiling chandelier; installation by a licensed electrician is recommended.
2. The 60cm chain can be shortened during setup to fit different ceiling heights.
